

AMENDMENT FORM

Suggestion for amendment of Article 15(2)

By Prof Peter Serracino-Inglott - Member

Mr John Inguanez - Alternate

To be reworded as follows :

The areas for supporting action include:

- employment
- industry
- education, vocational training and youth
- culture
- sport
- protection against disasters.

Explanation (if any) :

The word 'include' ensures that supporting action in other other areas is not precluded if deemed necessary.
