III-5 (1)

Without prejudice to the other provisions of the Constitution and within the limits of the powers conferred by it upon the Union, a European law or Framework law (**of the Council =Delete**) may establish the measures needed to combat discrimination based on sex, racial or ethnic origin, religion or belief, disability, age or sexual orientation. (**The Council shall act unanimously after consulting the European Parliament = delete**).

Explanation (if any) : The combat of discrimination should be settled by the normal co-decision procedure. Unanimity will disable the Union too much in this important field which will become more important as the Union becomes member of the ECHR.
